

Minutes for 6-3-2015

Monday the City Council extended the moratorium for a year , all Council Members all voted to approve extension.

On the agenda , should there be a limit on the number of businesses that are ,green waste facility , solid waste facility and recycling facility.

Kyle presented existing business for solid waste, green waste, what should the number of facilities for each category .

Tim said we had too many facilities listed and asked for more comment

Kyle pointed out no new business can replace old ones if one leaves the city.

Mike said Businesses can be fined out of business.

Tom asked to look at caps on facilities and tonage for current businesses .

Mike asked how long it would take for the facilities to get down to 6 business , the answer was years .

Mike asked how will businesses go out of business ?

Kyle said some business may be operating out of compliance.

Tim said the group was near voting and will vote at the next meeting , because not all members were at the meeting.

Strategies

1. Cap no new business
2. Performance Standards
3. Review of business licenses.

It was asked how hard would it be to get license and permit info.

Tom asked can we see if enforcement can be observed by the Task Force.

Tom asked how the city supports and funds the code enforcement

Tim said we needed to explore Summer programs that can help our committee.

Joe will not be at the next meeting.
